Race data updated on: 4/14/2011

This is age graded overall standing for the SCR Runner Of the Year series.

This standing is based on the overall age graded points for all runners for all races. Points are awarded starting at 200 for the fastest age graded runner.

The summary overall results are listed in the first table. This table has a header that will take you to the results for each of the series races. Each individual race table lists the results in age graded finishing order.

The race tables have the actual finish time with the age graded finish time.

The PLP is a percentage that shows the achievement level with athletes with 100% representing the world record level, over 90% is world class, over 80% is national class, over 70% is regional class and over 60% local class.
