

Over the 30 years of conducting races, the Pacers had witnessed some incredible performances by some gifted athletes. Below is a list of individuals who have ran at a Pacer race and scored over 100 points on the Pacer scale. A score of 100 and up is a national level effort. In comparison, the average of all available Pacer scores is 67. This list will be updated with new outstanding efforts in the future.

Name	Age	Gender	Age Group	Loc	Distance	Time	Notes	Date	Score

DR – Distance Record for Gender

SP (Schell Park) was the race location during most of the '80s until about 1990. SP is a couple miles east of BW park and the course used the streets and trails.

BW (Bob Woodruff Park) was the race location from the '90s until March 2006. The races were run mostly on the streets and some on the trails. Races returned to BW in 2011 and it is the current race location. Currently the races are run entirely on the trails.

HP (Harrington Park) was the race location from 2006 until 2011. The races were run almost entirely on the park trails.

The Millet Mile was always run as a point-to-point course.
