

Over the 30 years of conducting races, the Pacers have witnessed some incredible performances by some gifted athletes. Below is a list of individuals who have ran at a Pacer race and scored over 100 points on the Pacer scale. A score of 100 and up is a national level effort. In comparison, the average of all available Pacer scores is 67. This list will be updated with new outstanding efforts in the future.

Performances within the past 12 months will be highlighted in yellow.

Name	Age	Gender	Age Group	Location	Distance	Time	Notes	Date	Score
Ashli Burgos	10	F	10-12	BW	8K	31:04		04/14	111.03

DR – Distance Record for Gender

SP (Schell Park) was the race location during most of the '80s until about 1990. SP is a couple miles east of BW park and the course used the streets and trails.

BW (Bob Woodruff Park) was the race location from the '90s until March 2006. The races were run mostly on the streets and some on the trails.

Races returned to BW in 2011 and were run there through July 2024, with a few races run at Windhaven Meadows Park due to construction at BW. The races during those years were run entirely on the trails.

HP (Harrington Park) was the race location from 2006 until 2011. The races were run almost entirely on the park trails.

WM (Windhaven Meadows Park) was used for a few races in the early 2020s, and has been the current location since June 2024. These races are run entirely on the trails.

The Millet Mile was always run as a point-to-point course.

Thanks to Bob Abbott for providing info on the runners from the other decades and Bob Wilmot for info on the course and some runners. The data came from age-group records and the online results. If a deserving effort (before 2000) does not show above, please email [planopacersinfo@gmail.com](mailto:planopacersinfo@gmail.com) with details, and it will be checked.
