Dear Mr. Zimmerman,

On behalf of The University of Texas MD Anderson Cancer Center, please accept my sincere congratulations on the recent achievement of opening the home office of the Houston Ground Angels enabling the expansion and increase in Volunteer Ground Angel transportation services.

The mission of providing free transportation to patients receiving cancer treatment at the Texas Medical Center corresponds well with the mission and vision of MD Anderson Cancer Center. I understand that many of our patients have benefited from this wonderful program and I am confident that the assistance and services provided to patients by the Houston Ground Angels emulate MD Anderson's core values of caring, integrity and discovery.

I wish you and the Houston Ground Angels continued success as you work to expand the availability of free airport transportation for our patients.

Sincerely,

  
John Mendelsohn, M.D.  
President
